## BATTLESHIPS WILL BE SENT TO VERA CRUZ BEFORE NIGHT

Trouble With General Carranza  
Deemed Imminent With Activity  
About Naval Department.

### WILSON ENDS VACATION

One Authority Says Atlantic Squadron is Ordered to be in Readiness For Service.

### CARRANZA LEAVES SEAPORT

His Attitude Believed to Foreshadow  
Resistance to "Get-Together"  
Policy.

BY JOHN P. STEWART.

(U. P. Staff Correspondent.)

Washington, August 10.—Trouble with General Carranza was deemed imminent today.

Government officials admitted growing anti-American feeling at Vera Cruz.

Carranza was hastening preparations to move to Mexico City at once.

On top of this came the important announcement that President Wilson had decided to end his vacation suddenly and come to Washington presumably because of the Mexican situation.

Most sensational of all was the practical certainty that American warships would be sailing for Vera Cruz before night. One report said sailing orders were ready for the whole Atlantic fleet. Officers of the Louisiana and New Hampshire admitted having received sailing orders but refused to discuss them. These two warships were coaling and would be ready to sail before night.

The navy department officially denied that they had been ordered to Vera Cruz. Nevertheless there was every sign that the order was about to be made.

It was agreed that Carranza's position at Mexico City would be much stronger than at Vera Cruz. Once in the interior, it was believed he would declare himself provisional president and defy the United

## WILSON ENDS HIS VACATION SUDDENLY

Deemed Probable President Will Order Warships to Mexican Waters  
Before Night.

### SQUADRON'S SIZE UNKNOWN

(By United Press.)

Cornish, N. H., August 10.—President Wilson decided this afternoon to end his vacation at once and return to Washington, probably because of the Mexican situation.

There is good ground to believe that the president will direct warships to proceed to Vera Cruz before night if they have not already been ordered sent.

Replying to Commander McNamee's request, President Wilson sent a long code telegram to Secretary Lansing directing him to confer with the secretary of the navy.

It was stated that the president's decision whether to send the squadron would be formed before night and that the size of the squadron would be left to the discretion of Lansing and Daniels.

## NEW DEPARTURE IN SCHOOL WORK

Six-Year Plan Will be Started, With  
Seventh and Eighth Grades Becoming Part of High School.

### TEACHERS ARE ANNOUNCED

Six New Faces in Grades and Two in High School—New Commercial Department Arranged.

The opening of the public schools in Rushville is only five weeks distant and the school board and Superintendent J. H. Scholl today announced the school organization for the coming year.

There will be eight new faces in the schools this year, two of them on the high school faculty and the remainder in the grades.

The six-year plan will be given its first trial in the high school this year. In other words, grades seven and eight will be eliminated and what constituted them in the past will combine with the Freshman year and become the junior high school. Teachers who have been teaching the seventh and eighth grades will become members of the high school faculty.

The six-year plan for the high school is in use elsewhere and has been recommended by the national commissioners of education. It will be more fully explained by the school officials in statements to be given to the local press later.

The six year plan means that the schools are organized on the six-year basis, six years of elementary work and six years of high school work. The last six years are divided into two parts of three years each. The first part—years, seven to nine—will be known as the junior high school and the second part—years ten to twelve—will be known as the senior high school.

The commercial department of the high school will be innovation here and is expected to be very popular. It will be in charge of E. W. Barrington, a teacher who comes here from Florida. He has had experience in teaching and managing commercial work both in high schools and business colleges. His course will consist of shorthand, typewriting, book-keeping and business essentials.

The commercial department graduates will have splendid preparation for their special work and at the same time prepare them to take important positions in business work upon graduation. Graduates of the commercial department will also have had all of the required work of the high school and will be given a diploma admitting them to all colleges. Pupils having the commercial work will then be able to take notes and prepare notebooks in colleges to great advantage and also if necessary the special equipment will enable them to pay part of their expenses in college by assisting college or business men at odd hours.

Charles L. Bresey will be in charge of the science department. He takes the place of Nathan B. Coil, who resigned at the close of the last school year to accept the superintendency of the Carthage public schools. Mr. Bresey was graduated from Indiana university at Bloomington last June. He majored in physics while in college. He will teach physics, chemistry and general science in the local course. Mr. Bresey taught science in the Williamsport high school two years, from 1911 to 1913.

There will be six new teachers in the grades. Miss Nellie Trobaugh who has taught successfully for six years in the primary department of

Continued on Page 4.

## FARMERS START TO THRESH TODAY

Although Rain Threatened All The Time, There Was More Grain Hauled in Than For Some Time.

### NO RAIN HERE SINCE SUNDAY

Farmers in Southern Part of County More Fortunate—Corn Crop Will be Best in Years.

Although threatening clouds hung low, it was generally believed here that more wheat was threshed in Rush county today than there has been for two weeks. Many loads of wheat were hauled to the city during the day.

There has not been any rain since Sunday up to early this afternoon, although indications were that the rain might begin falling any time. Farmers in the southern part of the county have been threshing since Saturday because there was very little rain there the latter part of last week when the rest of the county was being drenched at frequent intervals.

Many farmers have threshed their wheat wet in order not to lose the crop entirely, because some of them feared that the rain never would stop until the shocks had all sprouted in the fields. In many instances elevator owners have docked farmers because of their wet wheat, but the buyers are reported to be very lenient and are taking big chances on drying the wheat so that it will be acceptable on the market.

Not within the remembrance of most farmers has such a season as the present one ever been seen here. Rain has fallen practically every day for more than two weeks and many farmers had almost despaired of ever saving their wheat crop.

Furthermore, there are many farmers who have oats that has not been cut and timothy meadows that have not been made. It is long past time that both should have been done, but the rains stopped work in the hay and oats as well as in the wheat.

Farmers know from the government reports that weather conditions, taken the country over, are still unsettled, and that there may be a renewal of rains almost any day. The wheat and oats have had just about all the water on them they can stand without serious damage. It has only been reshocking and other precautionary steps that considerable loss has been averted so far.

The farmers would be willing to get along without rain until the first of September. They say the ground is so thoroughly saturated that corn would not suffer in the least should it have to go three or four weeks without rain. Tomatoes, potatoes and other vegetables are in the same condition. The farmers say that what is needed now is warm, dry weather that will enable growing stuff to mature before frost.

Provided no mishap befalls it before it ripens, the corn crop will probably be the largest in the county's history. The acreage is large and the growth extraordinarily fine. It is said that there is scarcely a poor field of corn in the county. For that, the abundant rains must be thanked. And the corn crop is the biggest thing of all in Rush county. While wheat and oats are important, they do not rank with corn.

The funeral services of Albert McMichael, who died Monday at his home south of here, will be conducted Wednesday afternoon at 1:30 o'clock at the late residence and burial will take place in East Hill cemetery.

## TAX LEVY LIKELY TO REMAIN SAME

City Council Will be Requested to Leave Rate at \$1.15 Because There is Need For Money

### TO BE FIXED NEXT MEETING

Bonds Totalling \$6,000 For Wells Practically Abandoned, Will Fall Due in November

The tax levy for the city of Rushville will likely remain at \$1.15 on each one hundred dollars of taxables for the coming year. The levy and appropriations for operating the city government must be made by the first Monday in September, according to the law, and this will likely be done by the city council at the next meeting to be held one week from tonight.

Mayor Bebout stated today that he would recommend to the council that the tax levy of \$1.15 not be changed. The levy was raised last year from one dollar to the present rate. The increase was made to meet the indebtedness which was rapidly accumulating and to prevent the necessity of borrowing money at six per cent interest. The increase was hardly noticed by the tax payers.

With \$8,000 coming due for the payment of bonds, the city administration really can do nothing else but leave the levy at the \$1.15 rate. One set of bonds amounting to \$6,000 fall due the first of November. These bonds are part of the \$12,000 bond issue passed by former administration to pay for wells that are now practically abandoned. The other \$2,000 comes due at a little later date. The city would have been better off financially if the former administration had raised the levy the last year it was in power instead of neglecting to pass any levy, as was done.

According to the certificate sent the city clerk by the county auditor, the city has property valued at \$3,200,000 on which taxes are collectable in 1916. This amount is larger than in previous years due to the fact that the real estate values in the city were increased practically ten per cent by the assessors and board of review.

The increase, however, in the value of taxables will make but little difference in the amount to be received by the city. The amount will be small and will not total over \$1,500. Of course this amount, according to city officials, will be gladly received as the city can readily find a place for it.

The appropriation ordinance placing the money in the various funds will also probably remain the same. In case the council makes no appropriations, the old ordinance holds good for the coming year, under the law.

## CITY HOLDS CELEBRATION

New Albany Overjoyed at Being on  
Dixie Highway

(By United Press.)

New Albany, Ind., Aug. 10.—This city is so overjoyed at having being placed on the Dixie highway that it held a public celebration today. The celebration was under the direction of the Chamber of Commerce and was held in Glenwood Park.

Three sessions were scheduled, forenoon, afternoon and evening. A number of prominent Indiana and Kentucky men were here. Several thousand Floyd county farmers who are enthusiastic over the highway brought their dinners and spent the day at the park.

## BULGARIA MAKES KNOWN DEMANDS

Will March Against Constantinople in 24 hours if Servia Will Make Concession Asked.

### CEDE SERVIAN MACEDONIA

Premier Says His Little Country, Which Holds Destinies of War, Will Fight For One Purpose.

BY HENRY WOOD.

(U. P. Staff Correspondent.)

Sofia, Bulgaria, August 9.—(By Way of Berlin August 10.) Bulgaria will send her armies marching against Constantinople in twenty-four hours if Servia will cede Servian Macedonia to her.

V. Adeslavoff, prime minister of Bulgaria and the man who more than any other today holds the destinies of Europe in his hand, made this statement to me today. In an exclusive interview granted the United Press, the Bulgarian premier for the first time revealed to the world exactly what Bulgaria demands in present negotiations, what she asks from Austro-Germans for remaining neutral and what she asks from the allies for driving the Turk from Europe, in operation that admittedly would prove the turning point of the war for the allies. Of equal importance was his reply to the report circulated in Europe capitals that Bulgaria, having won Constantinople, would demand the Ottoman capital as her prize.

"That report is groundless," he said with emphasis. "The internal and commercial responsibilities attaching to a city occupying the geographical position of Constantinople are too great for a nation that must always remain small like Bulgaria.

"We will fight for but one end. That is to extend our frontiers until they embrace the peoples of our own blood, but that end must be guaranteed to us beyond all doubt."

## CHAUTAUQUA WILL PAY OUT

Reported Today to be From \$200 to  
\$400 Ahead on Year.

It was reported today that the Rush county chautauqua would probably be from two hundred to four hundred dollars ahead on this year's program. The exact figures will not be known until the annual meeting is held and the report of the treasurer is heard. The chautauqua was most excellently supported this year, but the talent was very costly.

## SCOTT IS SUCCESSFUL

General Villa Agrees to Mexican  
Get-Together Policy.

(By United Press.)

El Paso, Texas, August 10.—General Villa has agreed to the Washington administration's new Mexican policy, it was announced here this afternoon. General Scott, who was sent here to confer with Villa, has been successful in his mission to get Villa's sanction to the new "get-together" plan arranged at the conference of ranking Latin-American diplomats and Secretary of State Lansing in Washington.

# ANNOUNCEMENT

## A Great Free Demonstration of Scholl's Foot Comfort Service

### SATURDAY, AUG. 14, 1915

#### Consult the Chicago Foot Specialist FREE

On this day **FREE** examination and advice will be given by an expert under the direction of Dr. Wm. M. Scholl, the famous foot specialist. He will also give demonstration of foot appliances necessary in the correction of foot troubles. This important event was arranged at great expense principally for you who have weak, tired, aching, calloused feet, for you who suffer from bunion pains and corns, or who have broken down arches, crooked toes, and hammer toes, for you who have tried fruitlessly to get relief. Not obliged to buy shoes here. If you have flat foot, weak feet or broken down arches, no matter if you are already wearing arch supports, have your feet scientifically examined by this specialist and let him advise you what to do. If you have been using bunion and corn remedies that furnish temporary relief without correcting the cause be sure to get this scientific advice. If you are one of the many thousands who have always had trouble in being properly fitted to shape-ly footwear come to our store. The difficulty will be solved easily and simply and perfect foot comfort will be given you.

**WARNING:** You may not realize it but those slight aches at the heels and ankles, those painful cramped toes, that body weariness and brain fog are typical of weak arches and likely to result in a serious derangement of the whole nervous system. Many people have mistaken these pains for rheumatism and have tried internal remedies to correct them when all they really needed was proper support of the feet arches.

#### REASON FOR THIS DEMONSTRATION

It has been our ever constant aim to make this the most progressive shoe store in town. For months we have thoroughly investigated the efficiency of the service rendered users of Dr. Scholl's Foot Specialties and wearers of his appliances. We have seen people who previously walked with great difficulty now able to stand the most rigorous exercising of the feet, enduring long walks and long standing without the slightest annoyance. We have found everyone of Dr. Scholl's corrective devices anatomically correct and scientifically perfect. To give our patrons and friends the fullest benefit of the Scholl Foot Comfort Service we have arranged this demonstration and will henceforth conduct in our store an orthopedic department for continued service of this character. We are headquarters for Scholl's Foot Comfort Specialties and Appliances.

#### THERE'S A SCHOLL APPLIANCE FOR EVERY FOOT AILMENT OR DEFORMITY

Whatever your foot troubles may be, there is a Scholl appliance or device which will correct permanently the trouble from which you are suffering. Consult this noted specialist and let him advise you about your trouble.

**Manilla.**

It begins to look as if some of the wheat about here is not going to be threshed.

Claude Rigsbee was severely cut about the face last Friday when a horse he was driving ran away and upset the buggy.

Miss Leah Lane is on the sick list.

Miss Mary Parish has returned home from Indianapolis where she has been working in a telephone exchange.

Rev. and Mrs. John Martyn of Missouri visited at Mrs. May Martyn's this week.

Miss Irene Loudon of Indianapolis is visiting relatives about here.

Many about here attended the Chautauqua at Shelbyville Sunday.

Miss Hattie Haehl is visiting Mrs. Carrol Pitts.

Rev. Mr. Dobson did not fill his appointment Sunday as he was attending the meeting at Bethany Park.

Mrs. May Martyn and daughters, Lillian and Opal attended the Martyn reunion at Shelbyville Sunday.

Frank Curson has purchased a new automobile.

Miss Alaela Inlow attended the Chautauqua at Rushville last week.

Mrs. Howard and son Woodrow attended the Chautauqua at Rushville Friday.

**New Salem**

Miss Helen Moore, who was ill a part of last week, is able to be out again.

Mr. and Mrs. Jesse Scott of Orange spent Sunday the guests of Mr. and Mrs. Allen Walls.

Jesse Stevens and family will move to Rushville in the near future where he has accepted a position in a barber shop.

Mrs. Henry Miller who has been ill for several days is improving.

Miss Bertha Moore is visiting relatives and friends at Alexandria.

Mr. and Mrs. Jake Gearhard had as their Sunday guests Mr. and Mrs. Fred Pike and children of near Rich-

land and Miss Anna Gearhard and niece of Cincinnati.

Mr. and Mrs. Alfred Looney and son Donald spent Monday as the guest of Mr. and Mrs. John Storm.

Mr. and Mrs. Chas. Bailey of Oregon are visiting relatives here. Mrs. Bailey was formerly Miss Cora Farrington.

**Richland Township**

Mrs. Henry McKay is in a serious condition, at her home, in Richland.

Mr. and Mrs. Emmet Starking are entertaining a baby boy at their house.

Several from here attended the Rushville chautauqua last week.

Joe Fey shipped some hogs to Cincinnati, Wednesday.

Sam Ferguson called on James Marshall and family Sunday.

Miss Edna Mills spent Sunday with her parents near Richland.

Mr. and Mrs. J. Ames Martin motored to Philadelphia, Ind., Saturday and spent the day with Louis Lefforge and family.

**Little Flat Rock**

Misses Margaret and Eliza Holman and Ed Meed will leave Tuesday for New Mexico to visit Mr. and Mrs. Andrew Guffin and family and also attend the Exposition at San Francisco before returning home.

Mr. and Mrs. William George and Mr. and Mrs. Frank George and son Lloyd will visit Mr. and Mrs. Earl George at Harlan, Ind., and Mr. and Mrs. A. C. George of Tipton county this week.

Mr. and Mrs. John Myers and family Mr. and Mrs. Enos Myers and family, Mr. and Mrs. Frank Myers and family and Mr. and Mrs. S. C. Smith and family, all of Johnson county, came through in automobiles to visit their cousin, Mr. and Mrs. O. J. Myers and family. They ate their dinner at the old Myers homestead and after dinner visited the cemetery and other places of interest, only one of the number having

been here before. They spent a very pleasant day returning in the evening.

The Christian Women's Missionary Society will meet at the home of Mrs. Herman Stevens Friday afternoon instead of Thursday as previously announced, Miss Ida Stevens is the leader.

**A False Standard of Culture.**

has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed.

**TODAY'S ODDEST STORY**  
(By United Press.)

London.—It was the "Battle of the Bees" in Hampstead, London's pretty suburb. A full regiment of soldiers and a full swarm of bees were the combatants. The bees swarmed Heath avenue. Horses reared, women screamed and ran, the police arrived and then the soldiers were summoned. The bees showed fight and nearly routed the soldiers until one "Tommy" who knew bee-lore captured the Queen. He put her in a small box in a nearby garden and the bee warriors docilely followed. The battle was over.

## BLOOMINGTON WOMAN THANKS MR. MAYR

Mrs. Homer Sexton Tells Friends About Use of Wonderful Treatment.

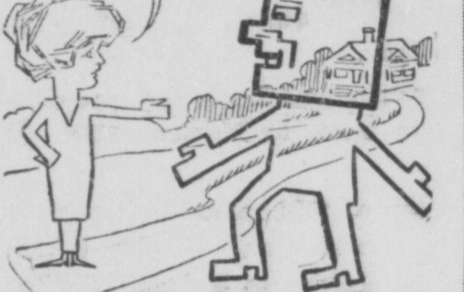

Mrs. Homer Sexton of Bloomington, Ind., suffered from digestive and stomach disorders for a long time. She tried to find relief, but it seemed a long way off—until she tried Mayr's Wonderful Remedy.

The first dose gave her relief and started her on the way to health. She wrote:

"Your medicine did me a world of good. I have taken your treatment and believe it has cured me, and I have told all my friends about it. I am ever so thankful."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O.  
Sold by all Druggists, 75c.  
Take Hall's Family Pills for constipation.

**Pay Telephone Toll.**

Don't overlook to pay your telephone toll before August 12 if you wish to avoid paying the 15 cents extra for collection. No notice will be given by telephone.

M. V. SPIVEY.  
121110 Secretary.

**MAY GET TWO CROPS.**

If the damp weather continues for a few more weeks, W. A. Jones will be able to get two crops of timothy hay off his field just east of Rushville. He has cut one crop which averaged nearly three tons to the acre and the second growth is now standing several inches high in the fields. Mr. Jones has harvested almost 80 tons of hay off the field.

**STATED MEETING.**

There will be a stated meeting of the Masonic lodge Tuesday evening at seven-thirty.

## MEXICAN MONEY IS PLENTIFUL

When Ever Any of Leaders There Run Short All They do is Start The Mints

MANY DIFFERENT KINDS

(By United Press.)

Washington, Aug. 10.—The latest fad among high government officials here is Mexican money of various revolutionary vintages of the last few years. Bills and coins of curious design and interesting history have been brought here by exceedingly generous envoys of the warring Mexican factions. The bills have little value in Mexico and none whatever here.

Attorney General Gregory is one of the faddists. He has some strikingly original \$1 and \$2 coins which Zapata turns out in his private mint when finished in his camp run low—a condition which is said to have become chronic. These coins are said to be of gold and silver mixed, but attorney general is very skeptical about yellow ingredients. At any rate, they are the first of their kind ever issued by any government and are particularly prized.

There are \$1 bills galore in Washington—almost enough, in fact, to start a new revolution. The mints of Mexico have been working overtime. One day Carranza enters Mexico City and turns out his wherewithal, daring anybody to spend any other kind. The next day Villa goes in and makes his. Then Zapata follows suit.

Some of the notes were issued by Carranza and Villa when they were partners in the rebellion business, and since dissolved partnership their \$1 notes have been worth only 7 cents in Mexico.

All these notes have been counterfeited over and over again, but what's the use? Carranza shoots all who spend genuine Villa money, and the latter returns the compliment.

## WRIST HURT; FOREHEAD CUT

Harry Farrow, a carpenter of Blue Ridge, was injured Monday afternoon while hanging doors in the Query blacksmith shop there. One of the large doors fell from its hangings and struck Mr. Farrow, knocking him backwards. When he fell to the ground his wrist was badly sprained and he received an ugly cut above the right eye. His injuries are not considered serious.

The Rev. A. D. Batchelor, pastor of St. Paul's M. E. church, who, together with his wife, has been attending the Panama-Pacific exposition at San Francisco, has written that he would leave for home Monday, arriving here in time to preach next Sunday. Mrs. Batchelor will stop off in Colorado and will come on later with their children, who have been visiting relatives in Colorado. Mr. Batchelor writes there were more than 100,000 people at the fair the day he wrote, last Friday.

A boy was born this morning to the wife of Mull Wallace.

## ELKS MEETING.

Stated meeting of ville Lodge B. P. O. E. Elks 1307, Wednesday, August 11. At seven-thirty. The degrees will be conferred on three candidates followed by banquet.

## DISAGREE WITH CLARK

Veterans of the civil war here disagree with Champ Clark, speaker of the national house of representatives, who spoke at the chautauqua last Friday, in his assertion that half of the veterans of the civil war could not write. Local veterans have stated they do not believe that is true. One said there were only five men in his company who had to make their mark when required to sign their name.

A ten pound boy was born this morning to the wife of Harry Wyatt. He has been named George Carter Wyatt.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a tablet worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unslightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowels—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel fully refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentinel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentinel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membranous lining of the organs involved, they exert a healing influence, instead of weakening and adding tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentinel tablets. One need procure only a dime's worth, and take one tablet upon retiring to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

Merchant Marine Coming.

The merchant marine is due to come back in the United States. If the operation of merchant marine was profitable in ordinary times, we would have had a large merchant marine long ago. But it was not profitable, nor is it profitable now. Comes now administration, in times of stress, sees need of merchant marine—an administration representing a party that has always opposed merchant marine. So stringent means are to be employed to build up a merchant marine, Champ Clark, speaker of the house of representatives, let that be known in an address here the other day at the chautauqua. In other words, it is intended to lock the barn and offer a reward after the horse has been stolen.

It has been demonstrated that American capital is not afraid of the water. The coastwise shipping is efficient, large and profitable because foreign competition is shut out. But United States vessels must compete with all the world on the high seas and the competition is unfair when other governments aid their ship owners with subsidies and by other means. In addition, the restrictive laws of the United States concerning the number of seamen and the kind of equipment is such as to prohibit the sailing of vessels under the American flag.

In years gone by when a Republican congressman or senator mentioned ship subsidy or merchant marine, some demagogue would shout from the housetops that the special interests were being favored, thus seeking to get into the good graces of the people. But if there has been less of that sort of thing, we might today have had a merchant marine which would be carrying our exports to foreign lands. Thus proving that the demagogue is the worst enemy the people have, but they never learn that until it is too late.

The last Democratic congress sought to help the shipping interests by placing a preferential duty in the present tariff act. But congress bungled the thing in characteristic fashion and now, if the decision of the Court of Customs Appeals sticks there will be a rebate of five per cent. on every import arriving in the United States.

The very patent fact that before the opening of the present war Americans were flying foreign flags over American-built vessels, could mean only one thing; that the cost of operations under the navigation laws of the United States was too great to allow competition with the rest of the world. In November an act will go in effect which will make the cost even greater.

HOOSIER HISTORY

(Prepared for the United Press by the Centennial Department of the Indiana Historical Commission)

The frontier, always intensely American was aggressively so up to the middle of the last century. George Cary Eggleston in his "Recollections" says that foreigners were "regarded with a great deal of curiosity, some contempt, and not a little pity," and that all those who did not speak English as their mother tongue were "Dutchmen." There was one notable exception to the general contempt for things foreign. The life, manners, customs and very wickedness itself of New Orleans lent glamor that was well nigh irresistible; especially on the part of the young men who in large numbers took service as boat hands, that they might get a glimpse of the gay and wicked city. So marked became this tendency that Eggleston tells of a southern Indiana minister who preached a sermon on the subject. In it he pleaded with the merchants to cease all business connections, for the sake of the young man, with "a city so unspeakably wicked that he confidently expected early news of its destruction after the manner of Sodom and Gomorrah."

WILL OVERSEE NEW DEPARTURE IN SCHOOL WORK

William C. McGuire Will be in Charge of Building of New Indiana Masonic Home.

**FIRST EARTH TURNED OVER**  
Dr. O. E. Holloway, of Knightstown, Chairman of Committee, in Charge of Ceremonies.

Wm. C. McGuire, of Indianapolis, son of Henry McGuire and lately of this city is superintendent of the Indiana Masonic home, which is being constructed near Franklin, Indiana. Mr. McGuire is rising rapidly in his profession. He was superintendent of construction on the Peoples National bank building here.

Mr. McGuire took part in the ground-breaking ceremony on the site of the home. The first shovel full of earth was turned by Dr. O. E. Holloway, of Knightstown, chairman of the building committee.

Others who took part in the ceremony were: Elba Branigin, Franklin attorney for the building committee; O. B. Ent and J. T. Elliott, of the State Construction Company, Indianapolis; C. C. Mason, civil engineer, of Indianapolis, manager of the farm.

The buildings to be erected are the administration building, two cottages, hospital, laundry and power house, and will cost \$200,000. The contract for the building was let a few weeks ago to the State Construction Company, of Indianapolis, for \$140,79, while the steam heating, plumbing and drainage contract was combined and let to Woolen & Callon, also of Indianapolis, and the electrical contract to the Hatfield Electrical Company, also of that city.

The buildings are to be erected on a tract of 223 acres lying on the south corporation line of Franklin. The group, when completed, will consist of fifteen buildings, and will accommodate 600 persons. The buildings will form a circle 800 feet in diameter when completed, with the exception of the power house and laundry, and the space inclosed will be made into a park, with drives and terraced lawns. The main entrance will be from the intersection of South and State streets, and drives and walks will join those to the park. The architect is to be of the design of the colonial period, which is especially adapted to an institution of this kind.

The main building will be three stories high, and will be devoted to the administration offices, with sleeping rooms, main dining room and kitchen, auditorium and day rooms.

The Eastern Star hospital will contain medical and nurses' offices, individual bedrooms, kitchens and dining room, boys' and girls' wards, wash, bath and toilet rooms, and play rooms.

The boys and girls' cottages will contain game and study rooms, matron's quarters, play and reception rooms, dormitories, plunge, shower and toilets. The laundry, bakery and refrigerating plants will be combined under one roof, and will be equipped with modern machinery.

The power house will contain one 75 K. W. and one 50 K. W. electric generating units, with provision for a third unit later; two H. P. boilers, with provision for a third. All hot water, steam for heating and cooking and electricity for light and power will be generated in the power house and distributed to the buildings by the means of concrete tunnels.

**You Can Enjoy Life**

the Arlington schools, will teach room No. 2 at the Graham Annex.

Miss Ellen Vickery, who has been teaching for two years at Carthage will teach in room No. 5 at the Jackson school. Miss Anna Geraghty, who has been one of the most successful teachers in Rush county and who last year taught at school No. 10, will this year be in room No. 3 at the Havens building.

Miss Esther Black, who was graduated at DePauw university last June and who made a splendid record there, will teach in room No. 4 at the Jackson building. Miss Inez Stager, who will be in one division of the primary department of the Jackson school, has had two years' work in Miss Blaker's school in Indianapolis and a summer term at Winona Summer school. She comes well recommended.

Miss Fannie Ramey returns this year to teach the lower grades in Washington school after a year's leave of absence. The year was spent at the State Normal at Terre Haute.

The school organization is as follows:

School Board—Bert A. Mullin, President; H. A. Kramer, Secretary; J. B. Kinsinger, Treasurer; J. H. Scholl, Superintendent.

High School—(Six-year Plan.) H. B. Wilson, Principal, English; Frank Forry, German, Assistant Principal; Nelle M. Baldwin, Latin; Genevieve Brown, History; E. B. Marlatt, English and History; R. W. Burns, Mathematics and Athletics; Charles L. Bresey, Science; E. W. Barrington, Commercial; Leta L. Denay, Mathematics and English; Kate E. Dennis, Domestic Science; N. Carolyn Meredith, Literature and Grammar; Margaret Casady, Arithmetic and Geography; Nelle Casady, History and Physiology. (To be supplied), Manual Training.

Jackson School—Lois Fritter, 1; Inez Stager, 1; Belle Gregg, Prin., 2; Katherine Petry, 3; Esther Black, 4; Ellen Vickery, 5; Margaret Fleehart, 6B; Elizabeth Flint, 6A.

Graham Annex—Edith Caldwell, 1; Nellie Trobaugh, 2; Carrie Kitchen, 3; Marjorie Smith, 4; Pearl Kitchen, Prin., 5;

Havens School—Elizabeth Waite, 1; Maye Meredith, Prin., 1; Edith Hiner, 2; Anna Geraghty, 3; Georgia Morris, 4; Belle Forsythe, 5.

Washington School—James E. Bean, Prin., 4-7; Fannie Ramey, 1-3. Special Teachers—Henrietta Coleman, Drawing, Helen M. Scott, Music.

The first teacher's institute for the city will be held Sept. 11. The forenoon work will be devoted to a study of Colgrove's "The Teacher and the School" which text will be used throughout the year. The afternoon will be devoted to section meetings.

The Rushville schools will show an exhibit at the Rush County Fair this year.

### And Still They Come and Still They Go

# \$27

"American Maid"

# \$1

down and a  
dime a day

Authorized by Factory  
for this week only

The unusual value offered in the "American Maid" has been recognized and appreciated by our customers during this week's special sale at a "dollar down and a dime a day."

Customers keep coming — and the "American Maids" keep going.

Only four days now remain. Four days yet we are authorized by the factory to sell you this unusual kitchen cabinet at these exceptionally reasonable terms.

No one wants to spend more time in the kitchen than is necessary—especially in the Spring and Summer. The "American Maid" will save you lots of time and many steps. Call today and see the "American Maid"—as well as some of the other Greencastle Kitchen Cabinets with "Porceliron" top, glass flour bin, ironing board, breakfast table, humidior bread box, ventilated base, and the new "adjustable height" design.

Furniture Dealer and Funeral Director THE BIG STORE

### TEAMS WILL PLAY HERE THIS SUNDAY

Connersville and Rushville Will Get  
Together at Edgewater Park  
With Favorable Weather.

LINEUPS REMAIN UNCHANGED

The Rushers and Connersville Grays will make another effort Sunday to play ball, the game this time being scheduled for Edgewater park. The fans and teams alike have been disappointed two Sundays in a row because of bad weather and for this reason the teams should play some real ball after the two weeks' rest.

Both teams will lineup in the same manner as they did on their last meeting when Connersville defeated Rushville by a 2 to 1 count. Remington will pitch. Ed Sanford and Manager Davidson will pitch Earl Hewitt, who made such a remarkable showing against Connersville only to be beaten. The game will be called at 2:45 o'clock.

### FAIR SEASON IS UNDER WAY

Four Events Scheduled For This Week, Henry County in List

(By United Press.) Indianapolis, Aug. 10.—Today saw the opening of Indiana county fair season in full blast when the Madison county fair at Elwood, the Bartholomew county fair at Columbus, the Henry county fair at Newcastle and the Boone county fair at Lebanon opened their gates.

Directors of the four fairs hoped for good weather as practically all county fairs have thus far in Indiana have lost money. Thursday, the big day at the county fairs, has been generally bad and consequently the attendance has been small.

NOTICE

Charles Wright and son have purchased the barber shop on West second street formerly known as the Windsor barber shop and a portion of your patronage will be greatly appreciated. 123tf

Rush county home cured meats at Kramers. Smoked shoulders 15c per pound. Try one. 118tf

### FRAT LEAGUERS HITTING BALL

Averages For the Four Games Show  
Several Batters Slamming Ball  
For Over .300.

BLACK AND WHITE LEADING

Are Tied For First Place With .666  
and Are Closely Followed by  
Peck Orme.

Fraternal league batting averages for the four games that have been played show that the players are hitting the old ball. There are many three hundred hitters in the league. Black of the Red Men and White of the K of P. team are ties for first place. Both have an average of .666. Black has been in two games and White in one. Of the four games played the K. of C. team has been in three of them and while they have not hit the ball in the last two games this team still has several heavy hitters.

The average of all players who have made a hit in any of the four games are as follows:

	AB	R	H	Ave
Black, Red Men	6	2	4	.666
White, K. of P.	3	0	2	.666
Orme, Elks	7	0	4	.571
Camp, K. of P.	4	0	2	.500
Carter, K. of P.	2	2	1	.500
Pearsey, Elks	4	2	2	.500
Denning, Elks	2	0	1	.500
Stoops, Red Men	7	1	3	.428
Coyne, K. of C.	7	1	3	.427
Fitzgerald, K. of C.	11	3	4	.363
Green, Elks	3	0	1	.333
Small, Red Men	6	2	2	.333
Miller, Red Men	3	0	1	.333
Oneal, Elks	6	2	2	.333
Conroy, K. of C.	3	1	1	.333
Lawrence, Elks	6	1	2	.333
Hosier, Red Men	7	1	2	.285
Innis, Elks	7	0	2	.285
McKee, K. of C.	8	0	2	.250
Collier, K. of C.	4	1	1	.250
Levi, Red Men	8	1	2	.250
McGuire, K. of P.	4	1	1	.250
O'Neil, K. of C.	10	2	2	.200
Wilson, Red Men	6	0	1	.166
Hauk, Elks	7	0	1	.142
Cauley, K. of C.	8	1	1	.125
Mullins, K. of C.	10	1	1	.100

In team batting the Red Men lead the league. The team averages are as follows:

	AB	H	Ave
Red Men	59	17	.288
Elks	57	15	.263
K. of P.	31	7	.225
K. of C.	80	13	.162

### START BUYING BY WEIGHT TODAY

Indianapolis Women Inaugurate New  
System at Market—Peaches  
by Pound Weight

OTHER ARTICLES LISTED

Indianapolis, Aug. 10.—While the women of Indiana looked on, Indianapolis women went to market today to try out for the first time the system of buying produce by weight. It was believed that if the new system inaugurated today should prove an unqualified success, other cities in Indiana might adopt it.

The new ordinance requires that all commodities, except those usually sold by numerical count, shall be sold by weight.

Herman F. Adams, city inspector of weights and measures, said today commodities bought in small quantities must be sold by the pound. He announced a list of commodities and the proper weight per bushel. Among them were: Peaches, 48 pounds; apples, 40 pounds; dried peaches, 33 pounds; dried apples, 25 pounds; pears, 50 pounds; onions, 57 pounds; turnips, 55 pounds; tomatoes, 60 pounds; beans, 60 pounds; walnuts 50 pounds; potatoes 60 pounds; coal 80 pounds; gooseberries, 60 pounds, etc.

### SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## RECALLS FATAL C. H. & D. WRECK

Fatal Accident on Pennsylvania in Irvington Similar to One There Three Years Ago.

### BOTH RAN INTO OPEN SWITCH

The wreck of fast Pennsylvania passenger train just east of Irvington last night, in which the engineer and fireman were killed, recalls the fatal C. H. & D. wreck in Irvington November 13, 1912, when sixteen persons lost their life, because they were similar in some respects. In each instance the engineer and fireman were killed and the train ran into open switches.

The wreck in 1912 occurred when a switch had been left open following the entrance of a freight train to clear the main track for the oncoming passenger. In last night's accident, which cost two lives, the switch appeared to have been unlocked and thrown open purposely.

The wreck of 1912 occurred an hour or so before dawn and its horror was increased by the fact that many of the passengers were in berths, asleep. So terrific was the impact of the collision that two of the cars were nearly telescoped and wreckage was piled several feet high. Passengers were crushed, living and dead, in two splintered coaches. More than an hour of darkness and confusion passed before the last suffering victim was removed. The engines of the two trains were telescoped, their boiler beds interlapping three or four feet.

## SKIDS OFF THE HIGHWAY

Automobile Driven by Arthur Talbert Turns Over in Ditch

Mr. and Mrs. Arthur Talbert, of this city were slightly injured Sunday afternoon when the automobile in which they were riding skidded off the road and rolled down a seven foot embankment. The accident occurred a few miles east of Morris-town. Mr. Talbert pulled to the side of the road to pass another machine and the front wheels left the road and the machine rolled over. The occupants were thrown out but escaped with a few bruises. The machine was only slightly damaged the top and the wind shield being broken.

## INSURANCE MEN DISCUSS LOSSES

National Association of Life Underwriters in Annual Session at San Francisco

### SPECIAL EXHIBIT ON GROUNDS

Annual Economic Loss From Disease is Greater by Six Times The Loss by Fire

San Francisco, Aug. 10.—"While we stand appalled by the enormous loss of life and treasure which has been going on in Europe in the past twelve months, we should not forget the victims of the deadly conflict constantly going on in our own peaceful land," declared President Hugh M. Willet to the National Association of Life Underwriters in convention here today.

"Statistics tell us that 650,000 lives are annually destroyed in the United States by diseases of the preventable class. The annual economic loss from this source is estimated at \$1,500,000,000, or six times the amount of our fire loss. While there has been in recent years an awakening of the public conscience as to its duty in this matter, the work of improvement has hardly begun. The time is now ripe for our insurance forces to press forward in this great movement, not only to make life longer in this country but to make it more livable."

The delegates were welcomed by President Moore of the exposition and Mayor Rolph. Speakers today included Warren M. Horner, William L. Hathway and Hubert H. Ward. Topics were "Getting Prospects," "Cultivating Prospects," "Closing Prospects" and "Getting Settlements."

A special life insurance exhibit on the exposition grounds interested the delegates, one feature being a mill grinding out silver dollars to show the amount contributed by policy-holders in the way of insurance taxes.

## BATTLESHIPS WILL BE SENT TO VERA CRUZ BEFORE NIGHT

**Trouble With General Carranza  
Deemed Imminent With Activity  
About Naval Department.**

### WILSON ENDS VACATION

**One Authority Says Atlantic Squad-  
ron is Ordered to be in Readi-  
ness For Service.**

### CARRANZA LEAVES SEAPORT

**His Attitude Believed to Foreshadow  
Resistance to "Get-Together"  
Policy.**

BY JOHN P. STEWART.

(U. P. Staff Correspondent.)

Washington, August 10.—Trouble with General Carranza was deemed imminent today.

Government officials admitted growing anti-American feeling at Vera Cruz.

Carranza was hastening preparations to move to Mexico City at once.

On top of this came the important announcement that President Wilson had decided to end his vacation suddenly and come to Washington presumably because of the Mexican situation.

Most sensational of all was the practical certainty that American warships would be sailing for Vera Cruz before night. One report said sailing orders were ready for the whole Atlantic fleet. Officers of the Louisiana and New Hampshire admitted having received sailing orders but refused to discuss them. These two warships were coaling and would be ready to sail before night.

The navy department officially denied that they had been ordered to Vera Cruz. Nevertheless there was every sign that the order was about to be made.

It was agreed that Carranza's position at Mexico City would be much stronger than at Vera Cruz. Once in the interior, it was believed he would declare himself provisional president and defy the United States.

## WILSON ENDS HIS VACATION SUDDENLY

**Deemed Probable President Will Or-  
der Warships to Mexican Waters  
Before Night.**

### SQUADRON'S SIZE UNKNOWN

(By United Press.)

Cornish, N. H., August 10.—President Wilson decided this afternoon to end his vacation at once and return to Washington, probably because of the Mexican situation.

There is good ground to believe that the president will direct warships to proceed to Vera Cruz before night if they have not already been ordered sent.

Replying to Commander McNamee's request, President Wilson sent a long code telegram to Secretary Lansing directing him to confer with the secretary of the navy.

It was stated that the president's decision whether to send the squadron would be formed before night and that the size of the squadron would be left to the discretion of Lansing and Daniels.

States. That this would be the signal for anti-American demonstrations was thought highly probably. Commander McNamee, in charge of the American naval force at Vera Cruz, reported that anti-American sentiment was rapidly developing. He said he feared trouble. The navy department denied he had asked for more ships.

McNamee said Carranzistas were holding mass meetings in the streets of Vera Cruz denouncing Americans particularly and foreigners in general.

Minister Ortega of Guatemala and his family took refuge on the U. S. gunboat Sacramento at Vera Cruz, at 9:20 last night, Consul Siliman wired the state department.

Ortega was ordered by Carranza to leave Mexico City.

The department was informed that serious food riots have broken out at Durango.

The signs of extraordinary naval activity followed close upon a conference between Secretary Lansing and acting secretary of the navy, Benson.

Carranza's attitude was believed to foreshadow a desperate resistance to the "get-together" program of Lansing and the Latin-American diplomats.

## CARRANZA WOULD BEAT WILSON TO IT

**Hopes to Issue Manifesto That His  
is Only Government to be  
Reckoned With in Mexico**

### BEFORE U. S. PROCLAMATION

(By United Press.)

Washington, Aug. 10.—Before the Washington administration can get out another proclamation calling on Mexican factions to get together, General Carranza intends to notify the world that his is the only authority in Mexico to be reckoned with.

Conclusive proof of this from government reports in the revolution torn republic was in official hands here today.

The first chief's idea was said to be that he would be in a stronger position if he issued his manifesto in advance of the Washington administration's, thus, according to his view, placing the United States in the attitude of assuming the aggressive against him instead of himself assuming a position of defiance toward the United States.

## RAID THE ENGLISH COAST

**German Airship Kills 13 and Wounds  
12 This Afternoon.**

London, August 10.—The British east coast was raided today by a German air squad. It was officially announced this afternoon that thirteen persons were killed and twelve wounded. A Zeppelin participating was brought down and destroyed.

be Ready for Service.**

Washington, August 10.—That orders have been sent to all warship commanders to be ready for service.

## NEW DEPARTURE IN SCHOOL WORK

**Six-Year Plan Will be Started, With  
Seventh and Eighth Grades Be-  
coming Part of High School.**

### TEACHERS ARE ANNOUNCED

**Six New Faces in Grades and Two  
in High School—New Commer-  
cial Department Arranged.**

The opening of the public schools in Rushville is only five weeks distant and the school board and Superintendent J. H. Scholl today announced the school organization for the coming year.

There will be eight new faces in the schools this year, two of them on the high school faculty and the remainder in the grades.

The six-year plan will be given its first trial in the high school this year. In other words, grades seven and eight will be eliminated and what constituted them in the past will combine with the Freshman year and become the junior high school. Teachers who have been teaching the seventh and eighth grades will become members of the high school faculty.

The six-year plan for the high school is in use elsewhere and has been recommended by the national commissioners of education. It will be more fully explained by the school officials in statements to be given to the local press later.

The six year plan means that the schools are organized on the six-year basis, six years of elementary work and six years of high school work. The last six years are divided into two parts of three years each. The first part—years, seven to nine—will be known as the junior high school and the second part—years ten to twelve—will be known as the senior high school.

The commercial department of the high school will be innovation here and is expected to be very popular. It will be in charge of E. W. Barrington, a teacher who comes here from Florida. He has had experience in teaching and managing commercial work both in high schools and business colleges. His course will consist of shorthand, typewriting, book-keeping and business essentials.

The commercial department graduates will have splendid preparation for their special work and at the same time prepare them to take important positions in business work upon graduation. Graduates of the commercial department will also have had all of the required work of the high school and will be given a diploma admitting them to all colleges. Pupils having the commercial work will then be able to take notes and prepare notebooks in colleges to great advantage and also if necessary the special equipment will enable them to pay part of their expenses in college by assisting college or business men at odd hours.

Charles L. Bresey will be in charge of the science department. He takes the place of Nathan B. Coil, who resigned at the close of the last school year to accept the superintendency of the Carthage public schools. Mr. Bresey was graduated from Indiana university at Bloomington last June. He majored in physics while in college. He will teach physics, chemistry and general science in the local course. Mr. Bresey taught science in the Williamsport high school two years, from 1911 to 1913.

There will be six new teachers in the grades. Miss Nellie Trobaugh who has taught successfully for six years in the primary department of

## FARMERS START TO THRESH TODAY

**Although Rain Threatened All The  
Time, There Was More Grain  
Hauled in Than For Some Time.**

### NO RAIN HERE SINCE SUNDAY

**Farmers in Southern Part of Coun-  
ty More Fortunate—Corn Crop  
Will be Best in Years.**

Although threatening clouds hung low, it was generally believed here that more wheat was threshed in Rush county today than there has been for two weeks. Many loads of wheat were hauled to the city during the day.

There has not been any rain since Sunday up to early this afternoon, although indications were that the rain might begin falling any time. Farmers in the southern part of the county have been threshing since Saturday because there was very little rain there the latter part of last week when the rest of the county was being drenched at frequent intervals.

Many farmers have threshed their wheat wet in order not to lose the crop entirely, because some of them feared that the rain never would stop until the shocks had all sprouted in the fields. In many instances elevator owners have docked farmers because of their wet wheat, but the buyers are reported to be very lenient and are taking big chances on drying the wheat so that it will be acceptable on the market.

Not within the remembrance of most farmers has such a season as the present one ever been seen here. Rain has fallen practically every day for more than two weeks and many farmers had almost despaired of ever saving their wheat crop. Furthermore, there are many farmers who have oats that has not been cut and timothy meadows that have not been made. It is long past time that both should have been done, but the rains stopped work in the hay and oats as well as in the wheat.

Farmers know from the government reports that weather conditions, taken the country over, are still unsettled, and that there may be a renewal of rains almost any day. The wheat and oats have had just about all the water on them they can stand without serious damage. It has only been reshocking and other precautionary steps that considerable loss has been averted so far.

The farmers would be willing to get along without rain until the first of September. They say the ground is so thoroughly saturated that corn would not suffer in the least should it have to go three or four weeks without rain. Tomatoes, potatoes and other vegetables are in the same condition. The farmers say that what is needed now is warm, dry weather that will enable growing stuff to mature before frost.

Provided no mishap befalls it before it ripens, the corn crop will probably be the largest in the county's history. The acreage is large and the growth extraordinarily fine. It is said that there is scarcely a poor field of corn in the county. For that, the abundant rains must be thanked. And the corn crop is the biggest thing of all in Rush county. While wheat and oats are important, they do not rank with corn.

The funeral services of Albert McMichael, who died Monday at his home south of here, will be conducted Wednesday afternoon at 1:30 o'clock at the late residence and burial will take place in East Hill cemetery.

## TAX LEVY LIKELY TO REMAIN SAME

**City Council Will be Requested to  
Leave Rate at \$1.15 Because  
There is Need For Money**

### TO BE FIXED NEXT MEETING

**Bonds Totalling \$6,000 For Wells  
Practically Abandoned, Will  
Fall Due in November**

The tax levy for the city of Rushville will likely remain at \$1.15 on each one hundred dollars of taxables for the coming year. The levy and appropriations for operating the city government must be made by the first Monday in September, according to the law, and this will likely be done by the city council at the next meeting to be held one week from tonight.

Mayor Bebout stated today that he would recommend to the council that the tax levy of \$1.15 not be changed. The levy was raised last year from one dollar to the present rate. The increase was made to meet the indebtedness which was rapidly accumulating and to prevent the necessity of borrowing money at six per cent interest. The increase was hardly noticed by the tax payers.

With \$8,000 coming due for the payment of bonds, the city administration really can do nothing else but leave the levy at the \$1.15 rate. One set of bonds amounting to \$6,000 fall due the first of November. These bonds are part of the \$12,000 bond issue passed by former administration to pay for wells that are now practically abandoned. The other \$2,000 comes due at a little later date. The city would have been better off financially if the former administration had raised the levy the last year it was in power instead of neglecting to pass any levy, as was done.

According to the certificate sent the city clerk by the county auditor, the city has property valued at \$3,200,000 on which taxes are collectable in 1916. This amount is larger than in previous years due to the fact that the real estate values in the city were increased practically ten per cent by the assessors and board of review.

The increase, however, in the value of taxables will make but little difference in the amount to be received by the city. The amount will be small and will not total over \$1,500. Of course this amount, according to city officials, will be gladly received as the city can readily find a place for it.

The appropriation ordinance placing the money in the various funds will also probably remain the same. In case the council makes no appropriations, the old ordinance holds good for the coming year, under the law.

## CITY HOLDS CELEBRATION

**New Albany Overjoyed at Being on  
Dixie Highway**

(By United Press.)

New Albany, Ind., Aug. 10.—This city is so overjoyed at having being placed on the Dixie highway that it held a public celebration today. The celebration was under the direction of the Chamber of Commerce and was held in Glenwood Park.

Three sessions were scheduled, forenoon, afternoon and evening. A number of prominent Indiana and Kentucky men were here. Several thousand Floyd county farmers who are enthusiastic over the highway brought their dinners and spent the day at the park.

## BULGARIA MAKES KNOWN DEMANDS

**Will March Against Constantinople  
in 24 hours if Servia Will Make  
Concession Asked.**

### CEDE SERVIAN MACEDONIA

**Premier Says His Little Country,  
Which Holds Destinies of War,  
Will Fight For One Purpose.**

BY HENRY WOOD.

(U. P. Staff Correspondent.)

Sofia, Bulgaria, August 9.—(By Way of Berlin August 10.) Bulgaria will send her armies marching against Constantinople in twenty-four hours if Servia will cede Servian Macedonia to her.

V. Adeslavoff, prime minister of Bulgaria and the man who more than any other today holds the destinies of Europe in his hand, made this statement to me today. In an exclusive interview granted the United Press, the Bulgarian premier for the first time revealed to the world exactly what Bulgaria demands in present negotiations, what she asks from Austro-Germans for remaining neutral and what she asks from the allies for driving the Turk from Europe, in operation that admittedly would prove the turning point of the war for the allies. Of equal importance was his reply to the report circulated in Europe capitals that Bulgaria, having won Constantinople, would demand the Ottoman capital as her prize.

"That report is groundless," he said with emphasis. "The internal and commercial responsibilities attaching to a city occupying the geographical position of Constantinople are too great for a nation that must always remain small like Bulgaria. 'We will fight for but one end That is to extend our frontiers until they embrace the peoples of our own blood, but that end must be guaranteed to us beyond all doubt.'"

## CHAUTAQUA WILL PAYOUT

**Reported Today to be From \$200 to  
\$400 Ahead on Year.**

It was reported today that the Rush county chautauqua would probably be from two hundred to four hundred dollars ahead on this year's program. The exact figures will not be known until the annual meeting is held and the report of the treasurer is heard. The chautauqua was most excellently supported this year, but the talent was very costly.

## SCOTT IS SUCCESSFUL

**General Villa Agrees to Mexican  
Get-Together Policy.**

(By United Press.)

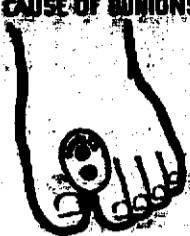

El Paso, Texas, August 10.—General Villa has agreed to the Washington administration's new Mexican policy, it was announced here this afternoon. General Scott, who was sent here to confer with Villa, has been successful in his mission to get Villa's sanction to the new "get-together" plan arranged at the conference of ranking Latin-American diplomats and Secretary of State Lansing in Washington.

# ANNOUNCEMENT

**A Great Free Demonstration of Scholl's Foot Comfort Service**

**SATURDAY, AUG. 14, 1915**

**Consult the Chicago Foot Specialist FREE**

On this day **FREE** examination and advice will be given by an expert under the direction of Dr. Wm. M. Scholl, the famous foot specialist. He will also give demonstration of foot appliances necessary in the correction of foot troubles. This important event was arranged at great expense principally for you who have weak, tired, aching, calloused feet, for you who suffer from bunion pains and corns, or who have broken down arches, crooked toes, and hammer toes, for you who have tried fruitlessly to get relief. Not obliged to buy shoes here. If you have flat foot, weak feet or broken down arches, no matter if you are already wearing arch supports, have your feet scientifically examined by this specialist and let him advise you what to do. If you have been using bunion and corn remedies that furnish temporary relief without correcting the cause be sure to get this scientific advice.

If you are one of the many thousands who have always had trouble in being properly fitted to shape your footgear come to our store. The difficulty will be solved easily and simply and perfect foot comfort will be given you.

**WARNING:** You may not realize it but those slight aches at the heels and ankles, those painful cramped toes, that body weariness and brain fog are typical of weak arches and likely to result in a serious derangement of the whole nervous system. Many people have mistaken these pains for rheumatism and have tried internal remedies to correct them when all they really needed was proper support of the feet arches.

## REASON FOR THIS DEMONSTRATION

It has been our ever constant aim to make this the most progressive shoe store in town. For months we have thoroughly investigated the efficiency of the service rendered users of Dr. Scholl's Foot Specialties and wearers of his appliances. We have seen people who previously walked with great difficulty now able to stand the most rigorous exercising of the feet, enduring long walks and long standing without the slightest annoyance. We have found everyone of Dr. Scholl's corrective devices anatomically correct and scientifically perfect. To give our patrons and friends the full benefit of the Scholl Foot Comfort Service we have arranged this demonstration and will henceforth conduct in our store an orthopedic department for continued service of this character. We are headquarters for Scholl's Foot Comfort Specialties and Appliances.

## THERE'S A SCHOLL APPLIANCE FOR EVERY FOOT AILMENT OR DEFORMITY

Whatever your foot troubles may be, there is a Scholl appliance or device which will correct permanently the trouble from which you are suffering. Consult this noted specialist and let him advise you about your trouble.

## County News

### Manilla.

It begins to look as if some of the wheat about here is not going to be threshed.

Claude Riggsbee was severely cut about the face last Friday when a horse he was driving ran away and upset the buggy.

Miss Leah Lane is on the sick list.

Miss Mary Parish has returned home from Indianapolis where she has been working in a telephone exchange.

Rev. and Mrs. John Martyn of Missouri visited at Mrs. May Martyn's this week.

Miss Irene Louden of Indianapolis is visiting relatives about here.

Many about here attended the Chautauqua at Shelbyville Sunday.

Miss Hattie Hachl is visiting Mrs. Carrol Pitts.

Rev. Mr. Dobson did not fill his appointment Sunday as he was at

tending the meeting at Bethany Park.

Mrs. May Martyn, and daughters, Lillian and Opal attended the Martyn reunion at Shelbyville Sunday.

Frank Curson has purchased a new automobile.

Miss Alaelia Inlow attended the Chautauqua at Rushville last week.

Mrs. Howard and son Woodrow attended the Chautauqua at Rushville Friday.

### New Salem.

Miss Helen Moore, who was ill a part of last week, is able to be out again.

Mr. and Mrs. Jesse Scott of Orange spent Sunday the guests of Mr. and Mrs. Allen Walls.

Jesse Stevens and family will move to Rushville in the near future where he has accepted a position in a barber shop.

Mrs. Henry Miller who has been ill for several days is improving.

Miss Bertha Moore is visiting relatives and friends at Alexandria.

Mr. and Mrs. Jake Gearhard had as their Sunday guests Mr. and Mrs. Fred Pike and children of near high

land and Miss Anna Gearhard and niece of Cincinnati.

Mr. and Mrs. Alfred Looney and son Donald spent Monday as the guest of Mr. and Mrs. John Storm.

Mr. and Mrs. Chas. Bailey of Oregon are visiting relatives here. Mrs. Bailey was formerly Miss Cora Farrington.

### Richland Township

Mrs. Henry McKay is in a serious condition, at her home, in Richland.

Mr. and Mrs. Emmet Starking are entertaining a baby boy at their house.

Several from here attended the Rushville chautauqua last week.

Joe Fey shipped some hogs to Cincinnati, Wednesday.

Sam Ferguson called on James Marshall and family Sunday.

Miss Edna Mills spent Sunday with her parents near Richland.

Mr. and Mrs. James Martin motored to Philadelphia, Ind., Saturday and spent the day with Louis Lefforge and family.

### Little Flat Rock

Misses Margaret and Eliza Holman and Ed Meed will leave Tuesday for New Mexico to visit Mr. and Mrs. Andrew Guffin and family and also attend the Exposition at San Francisco before returning home.

Mr. and Mrs. William George and Mr. and Mrs. Frank George and son Lloyd will visit Mr. and Mrs. Earl George at Harlan, Ind., and Mr. and Mrs. A. C. George of Tipton county this week.

Mr. and Mrs. John Myers and family Mr. and Mrs. Enos Myers and family, Mr. and Mrs. Frank Myers and family and Mr. and Mrs. S. C. Smith and family, all of Johnson county, came through in automobiles to visit their cousin, Mr. and Mrs. O. J. Myers and family. They ate their dinner at the old Myers homestead and after dinner visited the cemetery and other places of interest, only one of the number having

been here before. They spent a very pleasant day returning in the evening.

The Christian Women's Missionary Society will meet at the home of Mrs. Herman Stevens Friday afternoon instead of Thursday as previously announced. Miss Ida Stevens is the leader.

### A False Standard of Culture.

has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed.

## MAY GET TWO CROPS.

If the damp weather continues for a few more weeks, W. A. Jones will be able to get two crops of timothy hay off his field just east of Rushville. He has cut one crop which averaged nearly three tons to the acre and the second growth is now standing several inches high in the fields. Mr. Jones harvested almost 80 tons of hay off the field.

## STATED MEETING.

There will be a stated meeting of the Masonic lodge Tuesday evening at seven-thirty.

## If Your Hair is Falling Out

We know of no better remedy than **Rexall Hair Tonic**. A preparation which we gladly recommend to you. 50c a bottle. Lytle's Drug Store.

"I-Want-U" is coming to town. Watch this paper for announcement of arrival. 11312

London—It was the Battle of the Bees in Hampstead. London's pretty suburb. A full regiment of soldiers and a full swarm of bees were the combatants. The bees swarmed Health avenue. Horses reared, women screamed, and ran, the police arrived and then the soldiers were summoned. The bees showed fight and nearly routed the soldiers until one "Tommy" who knew bee-lore captured the Queen. He put her in a small box in a nearby garden and the bee warriors docilely followed. The battle was over.

## BLOOMINGTON WOMAN THANKS MR. MAYR

Mrs. Homer Sexton Tells Friends About Use of Wonderful Treatment.

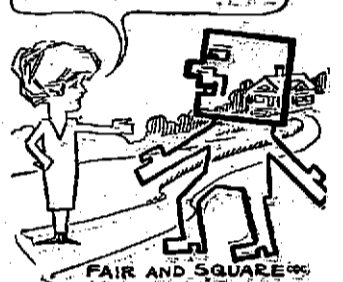

Mrs. Homer Sexton of Bloomington, Ind., suffered from digestive and stomach disorders for a long time. She tried to find relief, but it seemed a long way off—until she tried Mayr's Wonderful Remedy.

The first dose gave her relief and started her on the way to health. She wrote:

"Your medicine did me a world of good. I have taken your treatment and believe it has cured me, and I have told all my friends about it. I am ever so thankful."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

A SQUARE MAN HAS NOTHING TO CONCEAL

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

## Pay Telephone Toll

Don't overlook to pay your telephone toll before August 12 if you wish to avoid paying the 15 cents extra for collection. No notice will be given by telephone.

## Amusements

The Gem offers a two reel mystery drama "The Pursuits Eternal" for the first picture tonight. Allan Holubar and Francis Nelson are featured. It is said to be a dramatic production telling a novel story. The other picture is a Nestor comedy entitled "When Her Idol Fell." Eddie Lyons, Lee Moran and Victoria Ford are featured. Tomorrow night a Charlie Chaplin comedy will be shown with the three reel feature "A Modern Enoch Arden."

As a special feature the Mystic will show the Eastland ship disaster in moving picture tonight. The pictures were taken shortly after the ship turned over in the Chicago river. In addition to this the usual three pictures will be shown. The first is a drama "The Black Sheep." The second is a drama entitled "The Spirit of Uplift" and the last is a comedy "The Two Jones."

The Princess will show a three reel drama "The Way of the Transgressor" for the program tonight. Leah Baird and Leo Delaney are featured. It is said to be a thrilling drama. Tomorrow night the sixth installment of "The Goddess" will be shown.

## Society News

The Psi Iota Xi sorority will be entertained by Miss Helen Sessler and Miss Harriet Vredenburg at the home of Miss Scudder Wednesday afternoon.

The Loyal Womens Sunday school class of the Main Street Christian church will meet Wednesday evening at 7:30 o'clock in the church parlors.

## DISAGREE WITH CLARK

Veterans of the civil war here disagree with Champ Clark, speaker of the national house of representatives, who spoke at the chautauqua last Friday, in his assertion that half of the veterans of the civil war could not write. Local veterans have stated they do not believe that is true. One said there were only five men in his company who had to make their mark when required to sign their name.

A ten pound boy was born this morning to the wife of Harry Wyatt. He has been named George Carter Wyatt.

Do Not Grip  
We have a pleasant laxative that will do just what you want it to do.  
**Rexall Orderlies**  
We sell thousands of them and we have never seen a better remedy for the bowels. Sold only by us, 10 cents.

Lytle's Drug Store.

## MEXICAN MONEY IS PLENTIFUL

When Ever Any of Leaders There Run Short All They do is Start The Mints

MANY DIFFERENT KINDS.

(By United Press.) Washington, Aug. 10.—The latest fad among high government officials here is Mexican money of various revolutionary vintages of the last few years. Bills and coins of curious design and interesting history have been brought here by exceedingly generous envoys of the warring Mexican factions. The bills have little value in Mexico and none whatever here.

Attorney General Gregory is one of the faddists. He has some strikingly original \$1 and \$2 coins which Zapata turns out in his private mint when finished in his camp run low—a condition which is said to have become chronic. These coins are said to be of gold and silver mixed, but attorney general is very skeptical about yellow ingredients. At any rate, they are the first of their kind ever issued by any government and are particularly prized.

There are \$1 bills galore in Washington—almost enough, in fact, to start a new revolution. The mints of Mexico have been working overtime. One day Carranza enters Mexico City and turns out his wherewithal, daring anybody to spend any other kind. The next day Villa goes in and makes his. Then Zapata follows suit.

Some of the notes were issued by Carranza and Villa when they were partners in the rebellion business, and since dissolved partnership their \$1 notes have been worth only 7 cents in Mexico.

All these notes have been counterfeited over and over again, but what's the use? Carranza shoots all who spend genuine Villa money, and the latter returns the compliment.

## WRIST HURT; FOREHEAD CUT

Harry Farrow, a carpenter of Blue Ridge, was injured Monday afternoon while hanging doors in the Query blacksmith shop there. One of the large doors fell from its hangings and struck Mr. Farrow, knocking him backwards. When he fell to the ground his wrist was badly sprained and he received an ugly cut above the right eye. His injuries are not considered serious.

The Rev. A. D. Batchelor, pastor of St. Paul's M. E. church, who, together with his wife, has been attending the Panama-Pacific exposition at San Francisco, has written that he would leave for home Monday, arriving here in time to preach next Sunday. Mrs. Batchelor will stop off in Colorado and will come on later with their children, who have been visiting relatives in Colorado. Mr. Batchelor writes there were more than 100,000 people at the fair the day he wrote, last Friday.

A boy was born this morning to the wife of Mull Wallace.

## ELKS MEETING.

Stated meeting of ville Lodge B. P. O. E. Elks 1307, Wednesday, August 11. At seven-thirty. The degrees will be conferred on three candidates followed by banquet.

There will be automobile and motorcycle races at Greenfield next Saturday. Nine different events have been arranged and some good drivers are expected.

## NEWHOUSE-BLACKLIDGE

The annual reunion of the Newhouse and Blacklidge families will be held in the city park Sunday August 15 at 10 a. m.

# THE GEM

With each admission we will give you one coupon. Six of these coupons are good for one 5 cent admission.

The Star of Rushville  
Young and Looking

(The Beauty Spoke)  
The real beauty of a young looking man and beautiful woman is to keep the liver and bowels normally active. Without these organs the complexion is sallow, the eyes are dull, the hair is falling out, the skin is itching, the stomach is bloated, the bowels are constipated, the blood is impure, the system is out of order, the mind is sluggish, the nerves are exhausted, the body is weak, the life is short, and the death is painful. One becomes sallow, these nervous, untidy, ill-looking, dull-eyed, wrinkled and sallow of face.

But to get liver and bowels working as they ought, without producing any after-effects has been the problem. For centuries, there have been various questionable means which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble fig apple, or its root, which has been called the "tablets of constipation" because of its effectiveness, though of course it is not to be classed with the real tablets of medicinal origin. There is no habit-forming constituent in these tablets, that the name and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart vigor and elasticity to the intestinal wall. Sensitive tablets, which may be procured from any druggist, a dime's worth will do—will prove a revelation to any constipated, liver-troubled person.

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health)  
Unlabeled eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a stunted, constipated, impure and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sensational tablets"—that's the name—entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime with a glass of water, and you will find the remedy quite as good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated, and the complexion is not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sensational tablets" for constipation, for colic, has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sensational tablets, aside from their efficacy, doubtless are the more largely due to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membranes of the intestines, the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpressiveness is another reason for the popularity of sensational tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, finally, has been found—Druggists Review.

Merchant Marine Coming

The merchant marine is due to come back in the United States. If the operation of merchant marine was profitable in ordinary times, we would have had a large merchant marine long ago. But it was not profitable, nor is it profitable now. Comes now administration, in times of stress, sees need of merchant marine—an administration representing a party that has always opposed merchant marine. So stringent means are to be employed to build up a merchant marine. Champ Clark, speaker of the house of representatives, let that be known in an address here the other day at the chautauqua. In other words, it is intended to lock the barn and offer a reward after the horse has been stolen.

It has been demonstrated that American capital is not afraid of the water. The coastwise shipping is efficient, large and profitable because foreign competition is shut out. But United States vessels must compete with all the world on the high seas and the competition is unfair when other governments aid their ship owners with subsidies and by other means. In addition, the restrictive laws of the United States concerning the number of seamen and the kind of equipment is such as to prohibit the sailing of vessels under the American flag.

In years gone by when a Republican congressman or senator mentioned ship subsidy or merchant marine, some demagogue would shout from the housetops that the special interests were being favored, thus seeking to get into the good graces of the people. But if there has been less of that sort of thing, we might today have had a merchant marine which would be carrying our exports to foreign lands. Thus proving that the demagogue is the worst enemy the people have, but they never learn that until it is too late.

The last Democratic congress sought to help the shipping interests by placing a preferential duty in the present tariff act. But congress bungled the thing in characteristic fashion and now, if the decision of the Court of Customs Appeals sticks there will be a rebate of five per cent on every import arriving in the United States.

The very patent fact that before the opening of the present war Americans were flying foreign flags over American-built vessels, could mean only one thing; that the cost of operations under the navigation laws of the United States was too great to allow competition with the rest of the world. In November an act will go in effect which will make the cost even greater.

HOOSIER HISTORY

(Prepared for the United Press by the Centennial Department of the Indiana Historical Commission)

The frontier, always intensely American was aggressively so up to the middle of the last century. George Cary Eggleston in his "Recollections" says that foreigners were "regarded with a great deal of curiosity, some contempt, and not a little pity," and that all those who did not speak English as their mother tongue were "Dutchmen." There was one notable exception to the general contempt for things foreign. The life, manners, customs and very wickedness itself of New Orleans lent glamor that was well nigh irresistible; especially on the part of the young men who in large numbers took service as boat hands, that they might get a glimpse of the gay and wicked city. So marked became this tendency that Eggleston tells of a southern Indiana minister who preached a sermon on the subject. In it he pleaded with the merchants to cease all business connections, for the sake of the young men, with a city so unspeakably wicked that he confidently expected early news of its destruction after the manner of Sodom and Gomorrah.

NEW DEPARTMENT IN SCHOOL WORK

William C. McGuire Will be in Charge of Building of New Indiana Masonic Home.

FIRST EARTH TURNED OVER

Dr. O. E. Holloway, of Knightstown, Chairman of Committee, in Charge of Ceremonies.

Wm. C. McGuire, of Indianapolis, son of Henry McGuire and lately of this city is superintendent of the Indiana Masonic home, which is being constructed near Franklin, Indiana. Mr. McGuire is rising rapidly in his profession. He was superintendent of construction on the Peoples National bank building here.

Mr. McGuire took part in the ground-breaking ceremony on the site of the home. The first shovel full of earth was turned by Dr. O. E. Holloway, of Knightstown, chairman of the building committee.

Others who took part in the ceremony were: Elba Branigan, Franklin attorney for the building committee; O. B. Ent and J. T. Elliott, of the State Construction Company, Indianapolis; C. C. Mason, civil engineer, of Indianapolis, manager of the farm.

The buildings to be erected are the administration building, two cottages, hospital, laundry and power house, and will cost \$200,000. The contract for the building was let a few weeks ago to the State Construction Company, of Indianapolis, for \$140,79, while the steam heating, plumbing and drainage contract was combined and let to Woolen & Callon, also of Indianapolis, and the electrical contract to the Hatfield Electrical Company, also of that city.

The buildings are to be erected on a tract of 223 acres lying on the south corporation line of Franklin. The group, when completed, will consist of fifteen buildings, and will accommodate 600 persons. The buildings will form a circle 800 feet in diameter when completed, with the exception of the power house and laundry, and the space inclosed will be made into a park, with drives and terraced lawns. The main entrance will be from the intersection of South and State streets, and drives and walks will join those to the park. The architect is to be of the design of the colonial period, which is especially adapted to an institution of this kind.

The main building will be three stories high, and will be devoted to the administration offices, with sleeping rooms, main dining room and kitchen, auditorium and day rooms.

The Eastern Star hospital will contain medical and nurses' offices, individual bedrooms, kitchens and dining room, boys' and girls' wards, wash, bath and toilet rooms, and play rooms.

The boys and girls' cottages will contain game and study rooms, matron's quarters, play and reception rooms, dormitories, plunge, shower and toilets. The laundry, bakery and refrigerating plants will be combined under one roof, and will be equipped with modern machinery.

The power house will contain one 75 K. W. and one 50 K. W. electric generating units, with provision for a third unit later; two H. P. boilers, with provision for a third. All hot water, steam for heating and cooking and electricity for light and power will be generated in the power house and distributed to the buildings by the means of concrete tunnels.

### UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as practical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer.

## NEWS WILL RUN HERE THIS SUNDAY

Connersville and Rushville Will Get Together at Edgewater Park With Favorable Weather

### LINEUPS REMAIN UNCHANGED

The Rushers and Connersville Grays will make another effort Sunday to play ball, the game this time being scheduled for Edgewater park. The fans and teams alike have been disappointed two Sundays in a row because of bad weather and for this reason the teams should play some real ball after the two weeks' rest.

Both teams will lineup in the same manner as they did on their last meeting when Connersville defeated Rushville by a 2 to 1 count. Remington will pitch, Ed Sanford and Manager Davidson will pitch Earl Hewitt, who made such a remarkable showing against Connersville only to be beaten. The game will be called at 2:45 o'clock.

## FAIRSEASON IS UNDER WAY

Four Events Scheduled For This Week, Henry County in List

(By United Press.)  
Indianapolis, Aug. 10.—Today saw the opening of Indiana county fair season in full blast when the Madison county fair at Elwood, the Bartholomew county fair at Columbus, the Henry county fair at New Castle and the Boone county fair at Lebanon opened their gates.  
Directors of the four fairs hoped for good weather as practically all county fairs have thus far in Indiana have lost money. Thursday, the big day at the county fairs, has been generally bad and consequently the attendance has been small.

### NOTICE

## WHAT LEAGUERS HITTING BALL

Averages For the Four Games Show Several Batters Slamming Ball For Over .300.

### BLACK AND WHITE LEADING

Are Tied For First Place With .666 and Are Closely Followed by Peck Orme.

Fraternal league batting averages for the four games that have been played show that the players are hitting the old ball. There are many three hundred hitters in the league. Black of the Red Men and White of the K of P. team are tied for first place. Both have an average of .666. Black has been in two games and White in one. Of the four games played the K. of C. team has been in three of them and while they have not hit the ball in the last two games this team still has several heavy hitters.

The average of all players who have made a hit in any of the four games are as follows:

	AB	R	H	Ave
Black, Red Men	6	2	4	.666
White, K. of P.	3	0	2	.666
Orme, Elks	7	0	4	.571
Camp, K. of P.	4	0	2	.500
Carter, K. of P.	2	2	1	.500
Pearsey, Elks	4	2	2	.500
Denning, Elks	2	0	1	.500
Stoops, Red Men	7	1	3	.428
Coyne, K. of C.	7	1	3	.427
Fitzgerald, K. of C.	11	3	4	.363
Green, Elks	3	0	1	.333
Small, Red Men	6	2	2	.333
Miller, Red Men	3	0	1	.333
Oncal, Elks	6	2	2	.333
Conroy, K. of C.	3	1	1	.333
Lawrence, Elks	6	1	2	.333
Hosier, Red Men	7	1	2	.285
Innis, Elks	7	0	2	.285
McKee, K. of C.	8	0	2	.250
Collier, K. of C.	4	1	1	.250
Levi, Red Men	8	1	2	.250
McGuire, K. of P.	4	1	1	.250
O'Neil, K. of C.	10	2	2	.200
Wilson, Red Men	6	0	1	.166
Hauk, Elks	7	0	1	.142
Cauley, K. of C.	8	1	1	.125
Mullins, K. of C.	10	1	1	.100

In team batting the Red Men lead the league. The team averages are as follows:

	AB	H	Ave
Red Men	59	17	.288
Elks	57	15	.263
K. of P.	31	7	.225
K. of C.	80	13	.162

## START BUYING BY WEIGHT TODAY

Indianapolis Women Inaugurate New System at Market—Peaches by Pound Weight

### OTHER ARTICLES LISTED

Indianapolis, Aug. 10.—While the women of Indiana looked on, Indianapolis women went to market today to try out for the first time the system of buying produce by weight. It was believed that if the new system inaugurated today should prove an unqualified success, other cities in Indiana might adopt it.

The new ordinance requires that all commodities, except those usually sold by numerical count, shall be sold by weight.

Herman F. Adams, city inspector of weights and measures, said today commodities bought in small quantities must be sold by the pound. He announced a list of commodities and the proper weight per bushel. Among them were: Peaches, 48 pounds; apples, 40 pounds; dried peaches, 33 pounds; dried apples, 25 pounds; pears, 50 pounds; onions, 57 pounds; turnips, 55 pounds; tomatoes, 60 pounds; beans, 60 pounds; walnuts 50 pounds; potatoes 60 pounds; coal 80 pounds; gooseberries, 60 pounds, etc.

## SALES ARE FOR AGING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## RECALLS FATAL C. H. & D. WRECK

Fatal Accident on Pennsylvania in Irvington Similar to One There Three Years Ago.

#### BOTH RAN INTO OPEN SWITCH

The wreck of fast Pennsylvania passenger train just east of Irvington last night, in which the engineer and fireman were killed, recalls the fatal C. H. & D. wreck in Irvington November 13, 1912, when sixteen persons lost their life, because they were similar in some respects. In each instance the engineer and fireman were killed and the trains ran into open switches.

The wreck in 1912 occurred when a switch had been left open following the entrance of a freight train to clear the main track for the oncoming passenger. In last night's accident, which cost two lives, the switch appeared to have been unlocked and thrown open purposely.

The wreck of 1912 occurred an hour or so before dawn and its horror was increased by the fact that many of the passengers were in berths, asleep. So terrific was the impact of the collision that two of the cars were nearly telescoped and wreckage was piled several feet high. Passengers were crushed, living and dead, in two splintered coaches. More than an hour of darkness and confusion passed before the last suffering victim was removed. The engines of the two trains were telescoped, their boiler beds interlapping three or four feet.

#### SKIDS OFF THE HIGHWAY

Automobile Driven by Arthur Talbert Turns Over in Ditch

Mr. and Mrs. Arthur Talbert, of this city were slightly injured Sunday afternoon when the automobile in which they were riding skidded off the road and rolled down a seven foot embankment. The accident occurred a few miles east of Morris-town. Mr. Talbert pulled to the side of the road to pass another machine and the front wheels left the road and the machine rolled over. The occupants were thrown out but escaped with a few bruises. The machine was only slightly damaged the top and the wind shield being broken.

#### Card of Thanks.

We wish to thank our many neighbors and friends for their kindness shown us during the last illness and death of our well-beloved daughter, sister and dearest friend, Gladys May Mapes. MR. AND MRS. JOHN F. MAPES, MAURICE MAPES, CLARENCE FOXWORTHY. 12841

## INSURANCE MEN DISCUSS LOSSES

National Association of Life Underwriters in Annual Session at San Francisco

#### SPECIAL EXHIBIT ON GROUND

Annual Economic Loss From Disease is Greater by Six Times The Loss by Fire

San Francisco, Aug. 10.—"While we stand appalled by the enormous loss of life and treasure which has been going on in Europe in the past twelve months, we should not forget the victims of the deadly conflict constantly going on in our own peaceful land," declared President Hugh M. Willet to the National Association of Life Underwriters in convention here today.

"Statistics tell us that 650,000 lives are annually destroyed in the United States by diseases of the preventable class. The annual economic loss from this source is estimated at \$1,500,000,000, or six times the amount of our fire loss. While there has been in recent years an awakening of the public conscience as to its duty in this matter, the work of improvement has hardly begun. The time is now ripe for our insurance forces to press forward in this great movement, not only to make life longer in this country but to make it more livable."

The delegates were welcomed by President Moore of the exposition and Mayor Rolph. Speakers today included Warren M. Horner, William L. Hathway and Hubert H. Ward. Topics were "Getting Prospects," "Cultivating Prospects," "Closing Prospects" and "Getting Settlements."

A special life insurance exhibit on the exposition grounds interested the delegates, one feature being a mill grinding out silver dollars to show the amount contributed by policy-holders in the way of insurance taxes.

## BATTLESHIPS TO BE SENT TO VERA CRUZ BY NIGHT

Continued from Page 1. commanders of the Atlantic squadron to hold their vessels ready for immediate service in Mexican waters were stated on reliable authority this afternoon.

#### BATTLESHIPS TO VERA CRUZ (By United Press.)

Newport, R. I., Aug. 10.—The battleships New Hampshire and Louisiana are under rush orders to leave today for Vera Cruz to guard against an expected anti-foreign demonstration there.

#### DENIES VESSELS WILL GO (By United Press.)

Washington, Aug. 10.—The secretary of the navy at 11:35 a. m. denied positively that the battleships New Hampshire and Louisiana or any other additional warships had been ordered to Vera Cruz.
